Boston Trust Walden Inc. (the "Adviser") is the investment adviser of the Fund and a wholly-owned subsidiary of Boston Trust Walden Company ("Boston Trust Walden"), a Massachusetts chartered bank and trust company. Boston Trust Walden is an independent, employee-owned firm providing investment management services to institutional investors and private wealth clients. Boston Trust Walden manages approximately \$14.3 billion in assets and employs a staff of 87, including 36 investment professionals averaging 12 years with the firm and 21 years in the industry.

The Fund invests in foreign securities which involve political, economic and currency risks, greater volatility and differences in accounting methods. The Fund's environmental, social, and governance (ESG) policies could cause it to perform differently compared to similar funds that do not have such a policy. This policy may result in the Fund foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, or selling securities for reasons when it might be otherwise disadvantageous for it to do so. Diversification does not assure a profit or protect against a loss in a declining market. The Fund's ESG screening criteria may affect the Fund's exposure to certain companies, sectors and/or industries, and may adversely impact the Fund's performance depending on whether such companies, sectors and/or industries are in or out of favor in the market. Both the ESG profile of a company or industry or the Adviser's judgement of a company or industry may change over time. The Adviser's judgement regarding the ESG screens may depend upon information that could be incomplete, inaccurate, or unavailable, which may adversely affect the ESG analysis.
